

GIFT STEWARDS GENERAL MEETING

Fiscal Transparency Portals

10+ years of practice and trends forward

Day and time: Wednesday Aug 25th, 2021: EST 12-13,30 hrs, CET 18-19,30 hrs, PHT 00-01,30 hrs

Time: (90 minutes)

Language: English and Spanish

Principles 1 to 4 of the GIFT High Level Principles on Fiscal Transparency, Participation and Accountability highlight the importance of access to fiscal information.

Over the last ten years, there has been increased use of Fiscal Transparency Portals (FTP) as a key tool for informing and engaging with citizens. With that, the global practice has grown, and so has the diversity of design and implementation mechanisms of fiscal transparency and public participation policy incorporating FTP's.

In this session, we will address the evolution of this practice, learn about the FTP's impact from a government and civil society perspective, discuss trends from the field (specifically from the FTP working group, composed by 10 Latin-American countries), and identify key points for the future of FTP using questions such as: Will FTP's still be relevant in 10 years? What will they look like?
