

GIFT

GLOBAL INITIATIVE FOR
FISCAL TRANSPARENCY

GIFT is an **action-network** established in 2011 to achieve sustained and measurable improvements in **fiscal transparency and inclusive participation** by advancing global norms, peer-learning, collaborative assistance and promotion of the use of digital tools. Comprised of **58 members**, it brings together ministries of finance, civil society organizations, international financial institutions and other stakeholders, and facilitates meaningful dialogue to **find, share and advance solutions to challenges in open, accountable and inclusive budgeting for development.**

2023 IMPACT WORKSTREAMS

Advancing transparency and public participation in fiscal policies in international norms and at country level

GIFT provides an effective platform for convergence and harmonization of normative architecture on fiscal transparency and inclusive public participation, including revenue policies at the international and country levels.

Increasing and improving peer-learning, knowledge exchange, technical collaboration and harnessing digitalization to engage the public and increase access to meaningful information

Through increased peer-learning, technical collaboration, and harnessing digitalization, GIFT facilitates meaningful dialogues between and among budget officials and civil society to increase their knowledge and technical capacities to implement practical solutions and innovations, and leverage digital tools in the promotion of more open, accountable and inclusive budgets and sustainable development.

Consolidating GIFT as an action network comprised of champions

GIFT brings together a core network of key reformers from around the world who are willing to push the envelope in opening budgets, championing this agenda and piloting innovative practices through the use and promotion of collaborative approaches, user-centered digital tools and dialogues.

THE GIFT NETWORK

GIFT is administratively housed at the **International Budget Partnership (IBP)** and guided and governed by the lead stewards, comprised of the **IBP, the World Bank, the International Monetary Fund (IMF), the International Federation of Accountants (IFAC)**, and the national budget authorities from the **Philippines, Brazil and Mexico**. To date, the GIFT network is composed of 58 stewards and several partners.
