

From FOI Philippines Dataquest to GDI PREDICT Dataquest

11 December 2024 |

How it all started

Key Challenges

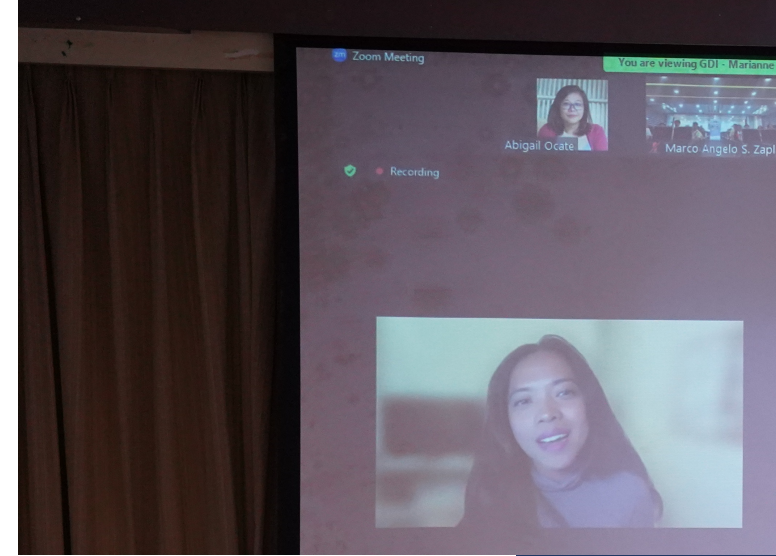

- Encouraging participants to register and submit their entries
- The Dataquest and Data Dive is a relatively new concept for our participants
- Making sure participants are engaging throughout the program and in the topic (e.g., mining)

Lessons Learned

- Hybrid set-up works
- Incentivizing participants work
- Young people are very creative

Recommendations

- Collaborate with like-minded organizations
- Design the program to be interactive and engaging
- Provide ample time for the participants during the workshop
